TIGERS in a unique Joint Venture with Carillion have created within the past three years over 200 Apprenticeships in the construction and related industries under a **Host Employer Model**.

The model plots a pathway framework for young people by shaping and preparing through Get Ready for Work and Local Authorities Initiatives:-

employment status with Carillion → **3–6 months in training centre** → **work experience placement on sites leading to sustainable employment by completion of the apprenticeship framework.**

To ensure high completion of MA rates we have gained site experience support through our meaningful and tangible partnerships:-

Carillion Businesses and Supply Chain, Scottish Water and Sub-Contractors, Transport Scotland Sub-Contractors as well as SME's.

TIGERS present portfolio of Modern Apprenticeships delivery include –

- **Business and Administration, SVQ Level II MA and SVQ Level III MA**
- **Children's Care Learning and Development, SVQ Level III MA**
- **Customer Service, SVQ Level II MA**
- **General Construction Operations, SVQ Level II MA**
- **Facilities Services, SVQ Level II MA**

We expect to grow our delivery of Modern Apprenticeships by identifying new emerging frameworks. In support of the Scottish Governments ambitious plans for more MA delivery in Scotland, we are actively in discussion with our employer engagement links to achieve a successful registration and completion rates.
